Webinar on ARTIFICIAL INTELLIGENCE FOR CLEAN ENERGY AND OTHER WIP-YP INITIATIVES

IEEE MSIT PES Chapter in association with Department of Electrical & Electronics organized an expert talk on “ARTIFICIAL INTELLIGENCE FOR CLEAN ENERGY AND OTHER WIP-YP INITIATIVES” by Dr. **Celia Shahnaz** (Chair, IEEE Signal Processing Society Women, Past Chair of IEEE Bangladesh Section, IEEE PES Women in Power R10 representative) on 16th August, 2021 at Google Meet platform. It covered various domains of Artificial intelligence based on solar panel tilt angle and its hardware, Drone Inspection of solar panel and wind mill, talks on research and innovation in power and energy.

The interactive webinar was a great success and was attended by 80+ people, the students put forward their questions to the speaker enthusiastically and got them all answered. The webinar proved to be a huge benefit for the students and was highly appreciated by everyone.

The banner features logos for IEEE MSIT, IAS (IEEE Industrial Applications Society), and IEEE PES.
