

Report- Orientation B.Tech 1st year

On the 10th of February 2022, an orientation session was held in the Auditorium of Maharaja Surajmal Institute of Technology. The institute has dedicated one hour to the many components that will form part of the student's lifestyle for the rest of their stay at the school in order to give each of them time to settle in and adjust to their (new) life. The main goals of the institute's orientation were to familiarize students with the institute's policies and procedures, assist students in adjusting to their new lives at the institute, introduce students to Senior Officials and faculty members, and familiarize students with the institute's facilities and amenities.

As a result, the Student Experience will be enhanced, allowing students from all cultural and social backgrounds to participate and build excellence in learning and teaching.

The students were addressed by Col (Dr.) Ranjit Singh, Director of Maharaja Surajmal Institute of Technology. The Director greeted the students warmly and described the institute's policies.

It was broadened to include a one-hour interactive session with students. The event came to a close with a vote of gratitude.

Prof. Man Singh Beniwal
HOD, Applied Sciences (First Shift)
