Date: 08th March 2022

Time: 12:30-2:30 PM IST

Venue: Lab 111 and Room 305

On the occasion of Women's Day 2022, IEEE PES MSIT & EEE department with WIE MSIT, organized two amazing events to make this day special. One of the events was ARTGENIX which comprised of two sub events, traditional and digital art competition. Other was LITTLEWORDS, it was an online poetry competition.

ARTGENIX consisted of two rounds. First Round was conducted online, interested students submitted their entries and selected participants are called for offline finals. Excited participants filled the room with creativity and thoughtfulness. The smell of acrylic filled the rooms with eco-friendly gouache and numerable varnishes bringing life to the artworks. Enthusiastic participants were asked to use Canva to design e-posters related to women's day in particular. Every member not only displayed above par quality and skill in designing the poster but were also impressive in delivering awareness message through their posters.

LITTLEWORDS held online, several people submitted their poetry which not only romanticized the environment but also had its root in reality. Results were declared online. E-vouchers of several cafes were given to the winners.

Event lasted for approximately 2 hours from 12:30pm to 2:30pm. For ARTGENIX, results were declared on same day and prizes were distributed to the winners by our honorable judge. All the participants gave their full efforts which made this event a huge success.
