Suggestion and Action Taken on College Feedback by Students (IT-1, Batch: 2018-2022)

S. No.	Suggestions	Action Taken
1.	Saturday Should be off.	Informed to Higher Authorities
2.	There is need of curriculum upgradation according to the Industry Standard.	University is already in the process of syllabus upgradation (2021 onwards).
3.	Increase the Technical Societies in college.	There are already Technical Societies in institute i.e. IEEE, IIC, Software Development Cell, Placement Cell, E-Cell, TechSoc, Innovation Cell. Institute conduct Two days Technical Fest- "AVENSIS" every year which is totally organized by Students under the mentoring of Faculty Members.
4.	Enhancement is required in practical aspect according new technologies i.e. Python, Machine Learning etc.	University is already in the process of syllabus upgradation (2021 onwards).
5.	Provide more sports, cultural and Technical activities.	There are already in-door and out-door activities i.e. Carom Board, Chess, TT, Cricket Football, Badminton, Volleyball. Most of the equipment for the sports are provided by the college.

Ms. Ashish Kumari

MAHARAJA SURAJMAL INSTITUTE OF TECHNOLOGY
CSE Department Faculty Feedback Analysis (2021-22)

	Curriculum is based on the needs of the stakeholders.	The course/Syllabus has a good balance between theory and application.	Course objectives and its outcomes are well defined and clear to the faculty members.	The books/journals etc. prescribed/listed as reference materials are relevant, updated and cover the entire syllabus.	The courses/syllabus of the subjects taught increased my interest, knowledge and perspective in the subject area.	Tests and examinations are conducted well in time with proper coverage of all units in the syllabus.	Need of review of the syllabus.	The college has given me full freedom to adopt new techniques/strategies of teaching such as group discussions, seminar presentation and learners' participation.	The environment in the college is conducive to teaching and research.	Laboratory requirements including equipment's, chemicals and specimens are regularly provided.	The administration is teacher friendly.	The college provides adequate opportunities and support to faculty members for upgrading their skills and qualifications.	ICT facilities in the college are adequate and satisfactory.	Rest rooms, toilets, laboratory, playground, classroom are clean and well maintained.	Appropriate redressal of Grievances.	Authorities are approachable and accessible.

Action taken on the basis of feedback received from Students

Sr. No	Suggestions	Action Taken
1	More Labs for practical use can be added	Project Lab is added & Lab manuals have been revised. More application based small projects are added in the lab syllabus.
2	More subjects related to new technologies	Department has added experiment based on new technology such as Python, Proteaus software etc. in different labs. GGSIPU is already in a process to revise the syllabus. New Technology subjects will be added soon in the syllabus. Inputs from the college is already submitted.
3	Delete outdated subjects	New subjects will be added and obsolete subjects will be deleted as per university instruction.
4	Technical exposure should be improved.	Subject wise we encourage student to make project in related Subject practical labs. In order to enhance technical abilities more seminar and workshop are being conducted for students.
5	Update the syllabus	GGSIPU is already in process of upgrading the curriculum.
6	There is need of upgradation in curriculum. Courses on MATLAB, Python Programming, and Data Science etc. should be included.	University is already in the process of Syllabus upgradation.

7	More emphasis should be given to the practical aspect of the curriculum to improve the quality of education.	We try to add more practical to the list provided and projects based on Lab.
8	Cafeteria should be improved.	Cafeteria has already been approved by the management to be constructed in the new building.

Action taken on the basis of feedback received from Faculty

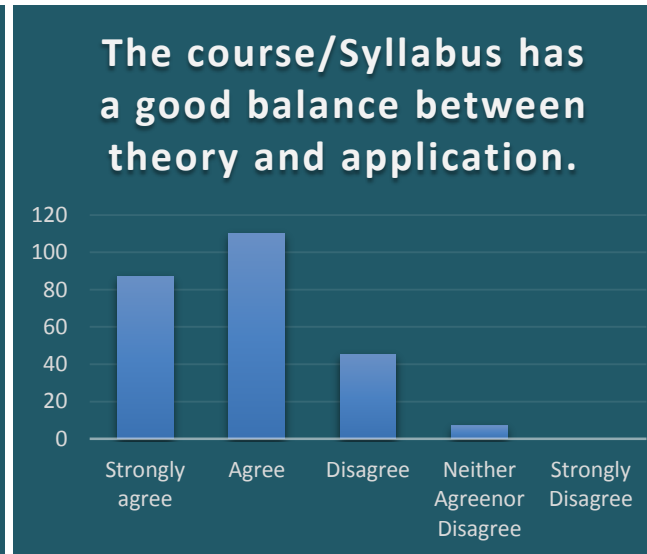

Sr. No	Suggestions	Action Taken
1	Curriculum is based on the needs of the stakeholders.	New subjects will be added and obsolete subjects will be deleted as per university instruction. Deptt. has added experiment based on new technology such as Python, Proteaus software .. etc. in different labs.
2	The course/Syllabus has a good balance between theory and application.	More application based small projects are added in the lab syllabus/ Project Lab is added & Lab manuals have been revised.
3	The books/journals etc. prescribed/listed as reference materials are relevant, updated and cover the entire syllabus.	Time to time new text books and reference book are being added to the library depending on the requirements.
4	Need of review of the syllabus.	GGSIPU is already in a process to revise the syllabus .New Technology subjects will be added soon in the syllabus. Inputs from the college is already submitted.

Action taken on the basis of feedback received from Alumni

Sr. No	Suggestions	Action Taken
1	The course/Syllabus has a good balance between theory and application.	<p>Following actions have been taken to increase the focus on practical applications along with theory</p> <p>Python has been added in experiments of DSP lab, which is an industry standard language.</p> <ol style="list-style-type: none"> 1. In Analog Electronics and Electronic Devices Labs, Industry oriented tools such as P-Spice, Multi-Sim are used for the exposure to the students 2. Students are encouraged to develop projects using data structures using C language, Java, Computer Graphics etc
2	There is a need to update the syllabus as per the Industry requirements	More practical exposure will be given to practical applications as per Industry requirements, when process for revision of syllabus in GGSIP University will start.

Maharaja Surajmal Institute of Technology

Alumni Feedback (Batch 2018-22)

The faculty adopted a fair and justified strategy for marking in various courses

I was given freedom to adopt my innovative and new ideas

I would like to guide current students of MSIT

My Overall experience at MSIT was

Suggestions / Feedback from Students (Batch 2018-22)

1. Organize more hackathon, help students at the earlier stage of college
2. Allow for internships in the last semester rather than an academic semester along with a Major project. The coursework from sem 8 can be judiciously reduced and divided in previous semesters.
3. Please allow internships in the final year, even if it's optional so that the students have an upper hand
4. The syllabus is not up to the mark with industry standards. No new technology is the part of our syllabus.
5. Pls update the syllabus and include more flexibility for students doing internships.
6. Placement Cell should be more active to bring more companies to college for on campus placements.

Compliance after discussion with HODs

1. The Institute has organized a Hackathon in association with Google on 23 and 24th Dec 2022
2. As per the new Scheme of GGSIPU, a full 6 months Internship has been introduced in 8th Sem and no theory subjects are present.
3. Complied as per pt 2
4. The scheme / syllabus of first year have already been revised by the GGSIP University recently. Courses required in Industry have been included in the curriculum. Specializations in the following emerging areas have been included in the scheme
 - a. Artificial Intelligence and Machine Learning
 - b. Data Science
 - c. Block Chain Technology
 - d. Internet of Things
 - e. Internet of Things and Cyber Security including Block Chain Technology
 - f. Networks
 - g. Cyber Security
 - h. Machine Learning and Data Analytics
 - i. Soft Computing
 - j. Software Engineering
 - k. Full Stack Development
 - l. Image Processing and Computer Vision
 - m. Robotics and Automation
 - n. Embedded Systems
 - o. VLSI Design
 - p. Wireless and Mobile Communications
 - q. Electrical Vehicles

- r. Microgrid Technologies
 - s. Power Electronics and Drives
 - t. Control and Instrumentation
 - u. Computer Aided Design and Manufacturing
 - v. Thermal Energy Sources
 - w. Quality Management
 - x. Construction Technology and Management
 - y. Infrastructure Engineering
 - z. Green Technology and Sustainability Engineering
5. Placement cell is proactive in calling a number of companies for campus placement and more than 1000 jobs have been offered this year
