Venue: Maharaja Surajmal Institute of Technology

Organised by:

Entrepreneurship Cell  
**Maharaja Surajmal  
Institute of Technology**

C-4, Janakpuri, New Delhi(110058)

## About E-SUMMIT

E-Summit being the flagship event of E-Cell, is held annually. It brings together the academic community, venture capitalists, new age entrepreneurs and all those passionate about entrepreneurship to common grounds. It provides early entrepreneurs the opportunity to be inclined towards entrepreneurship and take and manage bigger risks through various online events and workshops. The annual Entrepreneurship Summit, conducted by E-Cell MSIT, has been one of the major and successful events at MSIT. The event includes conclaves, competitions and an internship fair. We have various guest speakers from vivid backgrounds on board who share their priceless knowledge with us.

## About MSIT

This AICTE approved Institute under GGSIP University is ideally located in the Institutional area of Janakpuri, New Delhi. It has a campus spread over eight acres of land with beautiful eco-friendly surroundings. Institute was earlier operating from four storey building of 6279 sq.m of built up area.

Recently it has been shifted to a more spacious seven storeyed building with built up area of 9660 sq.m. The institute has over a short span of time acquired and developed impressive infrastructure, expertise and resources for imparting high quality engineering education. The institute runs in two shifts - First/Morning shift and Second/Evening shift providing Bachelor of Technology in CSE, IT, ECE and EEE streams.

## About ISTE

The International Society for Technology in Education (ISTE) is a non-profit organization that serves educators interested in the use of technology in education. It was founded in 1941 by (APT) and later transformed in 1968 as ISTE. ISTE provides the teacher with professional development and resources on educational technology topics, including digital citizenship, STEM, computational thinking, artificial intelligence, and global collaboration. The organization offers professional learning for a wide variety of educator roles, including ed tech coaches, library media specialists, classroom educators and specialists. Being the only national body of educators in engineering and technology, it contributes and associates with the government in the technical field.

## ISTE Annual student Convention Programme

ISTE MSIT is bestowed with the honor of organizing - The annual students' convention with the theme of "Entrepreneurship Summit". It comprises a plethora of events that aims to provide a platform for all budding students and entrepreneurs to innovate, share and exchange ideas to create awareness of entrepreneurship and the startup ecosystem that inspires them to build and innovate world-class products and services.
