## Introduction to Firebase

26TH FEBRUARY  
2023, SUNDAY

7:00 PM-9:00 PM

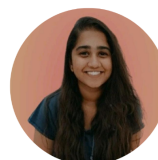

MICROSOFT TEAMS

KANISH BODHWANI

SPEAKERS

JAHNAVI

*After we are done with the front-end, making our website aesthetic and interactive all that is left is to work on the backend!*

### ***Moving forward with the Web Campaign***

**Topic:** Introduction to Firebase

Firestore is a package of backend services used for authentication, hosting, testing, and a variety of other services required for the developer's website.

Now, let's figure out how to make your work more reactive and efficient.

**Date:** 26th February 2023, Sunday

**Time:** 7:00 PM - 9:00 PM IST

**RSVP Here to Join:** <https://gdsc.community.dev/e/m6bptd/>

See you at the session
