

Enva 2018

About ENVA

ENVA is the environmental fest of Maharaja Surajmal Institute Of Technology. ENVA is growing gradually while spreading its wings beautifully every year. The preparation for ENVA starts from meetings, ideas, planning, preparations, responsibilities, goes to action, participation, excitement and finally ends with fun, enjoyment and success! Every event or competition organized ends with the award distribution. Apart from this, it gives a noble opportunity to the students of this technical institution to participate and showcase their talent in various non-technical areas. Also, it provides them a chance to save the environment and be a part of the awarded society. **ENVA 2018** was organised by PRAKRITI MSIT on 10-11 january 2018

Events at ENVA 2018

1) Foodie Akhada
