

## Faculty Development Program on “Classroom Communication”

Department of Applied Sciences 2<sup>nd</sup> shift has organized a Faculty Development Program on “Classroom Communication”(O-Plan No. ICT- 54) conducted by Education and Educational Management Department of NITTTR, Chandigarh for the faculty of technical institutions from 28 May to 1 June 2018 through ICT Mode.

The course aimed at equipping the faculty of engineering colleges with requisite knowledge and skills to plan and introduce various communication strategies in classroom and obtain feedback from students. A total of 53 faculty member from MSIT and MSI attended the program. FDP covered the various aspects for writing and reading the official and non official documents. Special focus was given to speaking skills with verbal and non verbal response of the speaker to make the lectures more effective and interesting.

When communication is effective, both the student and the teacher benefit. Communication makes learning easier, helps achieve goals, increase opportunities for expanded learning, strengthens the connection between student and teacher, and creates an overall positive experience.
