Firstnaukri.com tests

Firstnaukri.com conducted online tests for assessing students preparedness. The test was online and conducted for third year students. It was a take from anywhere (home or anyplace) test and was held on 8th Feb., 2020. There were two tests- FNAT, to assess quantitative abilities and FCODE- to check coding skills. FNAT and FCODE test scores are also considered by some companies for internship purposes.
