

# **Star Program**

## **Event Details**

Date: February 22<sup>nd</sup> ,2020

Time: 9.30 am to 12.30 pm

Duration: 3.5 hours

**WIE IEEE MSIT** in collaboration with **Rotaract Club of New Delhi Next** organized a Star Program (Drawing competition followed by an interactive session on the theme of '**Water conservation**' )among the kids of age group 8 to 16 at **Bal Sewa orphanage near Nawada Metro Station, New Delhi**. The session started at 10 a.m. with an educative session of 1 hour related to various water conservation practices and the hazards of reckless loss and degradation of the available fresh water sources. Then refreshments were served to all the kids, which was followed by a poster making competition on the same theme of water conservation. The kids were given the stationary and various colors for showing their creative talents in poster making. The volunteers from Rotaract were also present throughout the event. At last, the winners were awarded with prizes and a group pictures was taken with all of them.
