

Report on Visit of India Mobile Congress (IMC),2023

Date of Visit- 27-10-2023

Venue- Bharat Mandapan, Pragati Maidan

Nodal Officer- Dr. Rinky Dwivedi (Professor, CSE Dept.)

Faculty Coordinators- Dr. Archana Balyan (Director, MSIT) and Dr. Vimal Gaur (Associate Professor)

Total Number of Students attending IMC- 32

India Mobile Congress (IMC) is the largest telecom, media, and technology forum in Asia to be held from 27th to 29th October 2023 with the theme 'Global Digital Innovation'. The IMC 2023 aims to strengthen India's position as a developer, manufacturer, and exporter of key cutting-edge technologies.

During the program, the Prime Minister awarded 100 '5G Use Case Labs' to educational institutions across the country.

The Prime Minister also inaugurated the exhibition at Hall 5 and took a walkthrough. Industry leaders also spoke on the occasion. Chairman of Reliance Jio Infocomm Ltd, Shri Akash M Ambani hailed the Prime Minister's commitment to improving the lives of younger generations by inculcating the use of the latest technologies thereby powering India's Digital public infrastructure. On behalf of all digital entrepreneurs, innovators and startups, Shri Ambani assured to realize India's dream during India's Amrit Kaal.

Chairman Bharti Enterprises, Shri Sunil Bharti Mittal recalled the vision given by the Prime Minister in the form of Digital India which led to the development of digital infrastructure at a feverish pace. He informed that in 5000 towns and 20,000 villages Airtel 5G rollout has already taken place and informed that by March 2024 they would cover the entire country and touched upon the call made by the Prime Minister to this effect. This will be truly the fastest 5G rollout anywhere in the world, he said.

Chairman of Aditya Birla Group, Shri Kumar Mangalam Birla thanked the Prime Minister for his visionary leadership in driving India's Digital transformation and lauded his commitment towards digital inclusion which is rooted in the principle of 'Antyodaya' where benefits are ensured for everyone. He mentioned the fields of 6G, AI, cyber security, semiconductors, drone or space sectors, deep sea, green tech or any other sectors and said, "The future is going to be entirely different and it is a matter of happiness that our young generation is leading the tech revolution".

Shri Modi recalled that the 5G rollout which took place last year in India came as a surprise for the rest of the world. He emphasized that India did not halt after the success of 5G and took on the work of taking it to every individual. "India moved from the 5G rollout stage to 5G reach out stage", he said. Within one

year of 5G rollout, the Prime Minister informed about the development of 4 lakh 5G base stations which cover more than 97 percent of the cities and 80 percent of the population. He underlined that the speed of median mobile broadband speeds have increased 3 times within one year. He further added that India moved from the 118th position to the 43rd position in terms of broadband speed. “India is not only expanding the 5G network in the country but also laying emphasis on becoming a leader in 6G”, he remarked. Pointing out the scam that took place during 2G, the Prime Minister said that the 4G rollout which happened during the present government’s tenure is free from blemishes. He also expressed confidence that India will take the lead with 6G technology.

With the theme 'Global Digital Innovation,' the IMC 2023 aims to strengthen India’s position as a developer, manufacturer, and exporter of key cutting-edge technologies. The three-day congress will highlight technologies such as 5G, 6G, and Artificial intelligence (AI) and discuss issues pertaining to the semiconductor industry, green technology, cybersecurity etc. This year, IMC is introducing a startup program - ‘Aspire’. It will foster connections between startups, investors, and established businesses with an aim to catalyze fresh entrepreneurial initiatives and collaborations.

IMC 2023 will be attended by over one lakh participants from about 22 countries including about 5000 CEO level delegates, 230 exhibitors, 400 startups, and other stakeholders.

India Mobile Congress is attended by 32 students and followed by Dr. Archana Balyan (Director, MSIT), Dr. Rinky Dwivedi and Dr. Vimal Gaur. The List of Participants is attached herewith.

Address of Institution: C4 Janakpuri, New Delhi 110058
