The Department of Information Technology at Maharaja Surajmal Institute of Technology organised a seminar on **National Board of Accreditation. Dr. Jyoti Khurana, Assistant Professor, Information Technology Department was the speaker for the session.** The event was conducted on 18th April, 2024 in the IT department.

The event commenced with a thought-provoking and informative session by Dr. Jyoti Khurana, who delved into topics such as the introduction of NBA, the need of NBA, Why NBA is critical, and the importance of NBA in international arena Her insightful presentation resonated with the audience, offering valuable insights into the importance of NBA and the basic terminology, need and advantages of NBA from student point of view.

She had also discussed about the Outcome Based Education (OBE), Outcome based Learning and Teaching, and Outcome based assessment. She had also explained the Vision and Mission of Institute and Vision and Mission of Information Technology Department. The difference between Vision and Mission was discussed along with the formulation process. The concept, formulation process and need of PEO and PSO has also been discussed with s

The 12 Program Outcomes which is also referred to as Graduate Aptitude designed by NBA had been explained to students. At last, the course outcome of Artificial Intelligence was discussed with students so that they will have deep insight about what is the course outcomes and the attainment of that.

Finally, the session was concluded with why NBA certificate matters so much, especially in a developing economy like India, where quality technical manpower is required on a large scale. Also, the students get the flexibility of choosing any workplace or country since many global opportunities open up for them if they graduate from an NBA accredited college.
