<b>Topic Name</b>	Internet of Things
<b>Type of Activity Seminar/Webinar/Workshop</b>	Expert Lecture
<b>Name of the Expert</b>	Devansh Raghav
<b>Mode, Date and Time</b>	Offline, 4 <sup>th</sup> Sept, 2024, 10:00 am -12:00 pm
<b>Target Audience</b>	IT 3 <sup>rd</sup> Semester
<b>Organized by</b>	Prof. Prabhjot Kaur Dr. Anupama Kaushik Dr. Preeti Sehrawat
<b>Attended Participants</b>	108/120 (90%)

An exclusive and informative seminar was organised by IT department under the guidance of Prof. Prabhjot Kaur (H.O.D. IT Dept.), Dr. Anupama Kaushik (Convener, III-Cell), Dr. Preeti Sehrawat (Proctor IT-2, 3<sup>th</sup> Sem). The expert lecture was delivered by Mr. Devansh Raghav Sisodia, CTO of JKSD InfoTech Pvt. Ltd. He has an experience of 22+ years and delivered talks to many universities and colleges on IoT, AI, ML, Cyber Security, etc.

In collaboration with the IoT Academy, the session started at 10:00 AM on 4<sup>th</sup> September, 2024 as scheduled and went for 2 hours. Internet of Things (IoT) is a revolutionary concept that envisions a world where everyday objects are connected to the internet, enabling data exchange and automation. The seminar started with the basics of IoT in great detail. The students were highly passionate, and the session was really participatory. Mr. Devansh not only shared the theoretical knowledge but also focused on the practical implementation of the same. The session aimed to shed light on IoT's current state, applications, and future prospects.
