The Bharat Blockchain Yatra Grand Finale 2024 Event

The Bharat Blockchain Yatra Grand Finale 2024, organized by Information Data Systems Inc. (IDS) in collaboration with AICTE, National Education Technology Forum (NETF), and Anuvadini AI, was hosted at AICTE headquarters on 23/10/2024. Four faculty members (Dr. Poonam, Dr. Anshul Pareek, Ms. Saba Khanum and Ms. Nidhi Goel) and 92 students from CSE & IT Department attended the event. This event celebrated India's growing leadership in blockchain technology and highlighted its digital transformation journey, bringing together leaders, policymakers, academicians, and innovators from 18 states.

Hon'ble Minister of Education Dharmendra Pradhan congratulated IDS and NETF, acknowledged their efforts in organizing the event and advancing blockchain adoption in India. AICTE Chairman Prof. T.G. Sitharam underscored the potential of emerging technologies, particularly blockchain, in empowering the country's young workforce. NETF Chairman Prof. Anil Sahasrabudhe commended the collaborative vision behind the Bharat Blockchain Yatra, which engaged academia, industry, and government.

Significant milestones of the event included the launch of the Certified Hedera Developer Course to upskill 25,000 engineering students, a grant distribution of ₹6 Crores to three winning startups from the Hedera India Hackathon 2024, and the onboarding of 25 blockchain companies to the AICTE internship portal. The event marked a major step in positioning India as a global leader in blockchain innovation, fostering digital transformation, and driving economic growth.
