NSS MSIT and Prakriti Event Reports

2023-2024

The National Service Scheme (NSS) is a Central Sector Scheme of Government of India, Ministry of Youth Affairs & Sports. The sole aim of NSS is to provide hands-on experience to young students in delivering community service. Since the inception of the NSS in the year 1969, they have gone from a student base of 40,000 to over 3.8 million up till March 2018.

Since its inception in 2019, **NSS cell of Maharaja Surajmal Institute of Technology** has held various engaging events. It also support and strengthen NGOs, rural or urban communities and organises various events in collaboration with Prakriti MSIT (environmental society of MSIT) as well. Clothes, food and books donation, donation for flood victims, blood donation Camp are some notable events organised by NSS Cell of MSIT.

NSS MSIT can be reached via nssclub@msit.in

PLANTATION DRIVE

July 24, 2023

NSS MSIT, Prakriti MSIT and UBA MSIT in collaboration with the Eco club MSI organized a Plantation Drive as regular practice in order to spread awareness about the environmental issues existing due to deforestation and its adverse effects on us.

The event began with the welcoming of Shri Kaptan Singh, the president of SMES who was further joined by other respected members of SMES alongside the directors of both MSI and MSIT with several other members of the staff.

To make sure the drive lived up to the theme, “EACH ONE, PLANT ONE” a total of 50 saplings were utilized and the planters were brought from a government nursery in order to support the good cause. And after by Kaptan sir, rest of the members followed his guidance to plant the rest of the saplings in the open ground in front of the college auditorium as well as the main ground, with their names mentioned against every sapling present.

All these efforts were pooled in by every student, staff members, directors and SMES members present to make sure that issues like climate change and ideas

like planting trees to facilitate much more oxygen flow and reduction of CO₂ in the environment.

SHUTTER STROLL

19 August, 2023

The photowalk event organised by Prakriti MSIT, NSS MSIT and UBA MSIT, held on 19th August, 2023 at Lodhi Garden, brought together a diverse group of photography enthusiasts eager to explore and capture the beauty of artworks of Lodhi Garden. The event attracted a lively group of participants, ranging from amateur photographers to seasoned professionals. Every participant tried to showcase their best skills and managing a relaxing stroll across the beautiful Lodhi Garden.

The diversity in skill levels and equipment added a dynamic element to the photowalk. The chosen route wandered through the garden, encompassing iconic landmarks and hidden gems alike. Notable stops included the wall painted as ‘Gupt Ghar’, where participants could capture the wonders of modern architecture, and a vibrant street filled with colorful murals.

Participants seized opportunities to capture unique moments, from candid street scenes to detailed architectural shots. The play of light and shadow in the late afternoon provided a perfect backdrop for creative compositions. Standout photographs featured the interplay of reflections on glass facades and the vibrant street life. Our team managed to keep together the group of participants enthusiastic and encouraged as they strolled through Lodhi Garden.

The event's success lay in the shared excitement of discovering hidden photographic potential in familiar surroundings. The mix of challenges and successes fostered a sense of camaraderie among participants. The photowalk was not only about capturing images but also about fostering connections within the photography community. Conversations flowed around favorite techniques, equipment recommendations, and shared experiences, creating a supportive environment for learning and collaboration.

The photowalk event proved to be a fulfilling experience, combining the joy of exploration with the art of photography. As cameras clicked and shutters snapped, the shared passion for capturing moments in time transformed a simple walk into a memorable and inspiring event. Prakriti MSIT, NSS MSIT alongwith UBA MSIT tried their best in savouring the photographers amongst our society and gave them a platform to showcase their skills.

Orientation 2023

13th September, 2023

NSS MSIT, Prakriti MSIT and UBA MSIT organized their annual orientation to make the batch of 2023-27 feel welcomed and introduced to the college and also to their respective societies on 13th September 2023.

The orientation event began after a brief introduction to the college by college director and after the lunch break was over, Harshul and Tanvi the department heads of Public relations and sponsorship department and Social Media department respectively kicked the event off and gave a brief introduction about what Prakriti MSIT is about, and also about NCC.

Concluding the introductory processes, Keshav - content head and Manas - events head took the reins and briefed the prospects over all Prakriti departments, explaining and elaborating what each department is supposed to do and how they function; post which UBA MSIT explained their own working process.

The societies further proceeded upon to introduce the events and campaigns they take part in for the sake of spreading awareness, to create an identity and to work for the greater good.

After all these introductory processes were over, the last part of the orientation included the Prakriti members engaging with the audience, having a pushup contest and also inviting them on the stage to dance.

Red Run Race

The prominent National Institute of Technology (NSUT) campus witnessed a noteworthy event on 17-18 September, 2023. "Red Run," a dynamic initiative of the Delhi AIDS Control Society to promote a healthy lifestyle while raising awareness of AIDS, was put on by the society.

The prestigious chief guest ceremonially inaugurated the event to begin. The organizers supplied necessary equipment like vests and T-shirts to guarantee that the participants had a smooth experience. The organizing staff effectively handled the registration process, which allowed for a hassle-free and open participation experience. Participants registered on the spot.

The marathon, which drew people from all walks of life to participate, was unquestionably the centrepiece of Red Walk Day. Diverse divisions for amateur, intermediate, and professional runners were available

during the marathon. The routes were carefully thought out so that runners may travel through significant portions of the NSUT campus, involving both participants and spectators in the activity.

The marathon's champions in various categories were honoured with gifts, medals, and certificates. Applause and cheers were heard during the awards presentation as a way to recognise the competitors' commitment and tenacity. Every participant who finished the marathon successfully received a certificate of participation and a medal as thanks for their dedication to the AIDS awareness cause.

The Delhi AIDS Control Society's Red Walk Day, which was held at NSUT with the dual goals of encouraging a healthy lifestyle via physical activity and increasing awareness of AIDS, was a resounding success. It emphasised the value of community involvement in addressing global health challenges and showed how effective such gatherings can be at raising awareness and promoting harmony.

CODE4CAUSE HACKATHON

October 5, 2023 - October 6, 2023

Prakriti MSIT, UBA MSIT and NSS MSIT along with Geek Room organized a Hybrid **CODE4CAUSE Hackathon** on 5th October 2023 and 6th October 2023 with the primary objective of fostering innovative solutions and driving positive change in various fields, including healthcare, education, environment, agriculture, and other social causes, all through a technical lens.

"CODE4CAUSE" received an overwhelming response, with over 1900 students from all corners of India registering for the event. Out of these, more than 700 students participated in person, turning this hackathon into a significant gathering of tech enthusiasts and problem solvers.

The event attracted students from a wide range of esteemed colleges across India. Notable

participants included students from :

- Malaviya National Institute of Technology (MNIT)
- Delhi Technological University (DTU)
- Indira Gandhi Delhi Technical University for Women (IGDTUW)
- Various Delhi University (DU) colleges
- Netaji Subhas University of Technology (NSUT)
- Lovely Professional University (LPU)
- SRM Institute of Science and Technology (SRM)
- Ajay Kumar Garg Engineering College (AKG)
- University School of Information, Communication, and Technology (USICT)
- University School of Architecture and Planning (USAR)
- Affiliated colleges of Guru Gobind Singh Indraprastha University (GGSIPU)
- And many more

The active involvement of students from such diverse institutions added significant value to the event and highlighted the broad appeal of "CODE4CAUSE."

EVENT HIGHLIGHTS:

Thematic Focus

The hackathon addressed critical issues in the fields of healthcare, education, environment, agriculture, and other social causes. This thematic diversity encouraged participants to think

creatively and develop innovative solutions to tackle pressing societal challenges.

Collaboration

Collaboration was a key feature of "CODE4CAUSE." Participants formed diverse teams, bringing together individuals with different backgrounds and skills to brainstorm, design, and develop solutions.

Mentorship

The event featured experienced mentors from academia and industry who provided guidance and expertise to the participating teams, helping them refine their ideas and projects.

Seminars

"CODE4CAUSE" also included a series of seminars on emerging technologies, design thinking, and social entrepreneurship. These sessions equipped participants with the knowledge and tools necessary to address complex challenges.

Jury and Evaluation

A panel of expert judges evaluated the projects and selected winners based on criteria such as innovation, feasibility, impact, and presentation. The competition was fierce, with numerous impressive projects making it a challenging task for the judges.

EVENT PROCEEDINGS:

- Participants commenced their arrival at the college at 8 am, where they were thoughtfully grouped into batches and directed to their respective destinations – the Auditorium and Seminar Hall 06 and 406.

- The event kicked off at 10 am with a ceremonial lamp lighting in the Auditorium, graced by the presence of Shri Kaptan Singh ji, President of SMES, who not only ignited the lamp but also extended a warm and heartfelt welcome to all the participants gathered in our college.

- Following the inaugural session, participants were provided with essential insights into the rules and regulations of the Hackathon, as well as an introduction to the exciting themes they would be exploring. To further enrich the experience, we had the privilege of hosting distinguished speakers from Zura Verse, Quine, and BobbleAI, who delivered captivating presentations on the latest in technology, complemented by engaging and interactive seminars.

- Following a productive morning, students were treated to a hearty lunch and a well-deserved break at 2:30 pm. After recharging their energy, teams had the flexibility to choose between working offline or online for the next phase of the event. Those eager to continue their projects offline, remained on-site, with dedicated spaces allocated on the 4th and 6th floors, where they began their creative work.

- At 6 pm, a mentoring session, led by seasoned mentors, offered essential guidance and support to the participating teams. This session paved the way for the selection of teams that would advance to the second day. With the conclusion of this enlightening and productive day, we wrapped up our first day's activities by 8 pm.

- On the second day, a total of 35 shortlisted teams gathered and actively participated. Each team delivered captivating presentations that were meticulously evaluated by our panel of judges. Following an intense day of deliberation and stiff competition, the moment we had all been waiting for arrived, as the winners were finally unveiled.

WINNERS AND PRIZES:

After a rigorous evaluation process, the following teams were declared the winners of "CODE4CAUSE":

- **WINNER: Team Lakshya** - Immersive lab with interactive 3D models in VR
- **RUNNER UP: Team Smart Sampann** - MSIT Connect - one stop solution by which a college student can access everything related to their college

The winning team received a cash prize of Rs. 10,000 and the Runner Ups received exclusive swags and certificates.

CONCLUSION:

"CODE4CAUSE" was a resounding success, bringing together passionate students from diverse educational backgrounds to address pressing societal issues. The event not only showcased the technical prowess of young innovators but also underlined the importance of collaboration and innovation in finding solutions to the challenges our society faces. We are grateful for the support and participation of all students, mentors, and partners in making "CODE4CAUSE" a memorable and impactful event.

We look forward to future editions of this hackathon, with the hope that it will continue to be a catalyst for positive change in our society.

Mental Health Awareness

12th October, 2023

The Mental Health Awareness Camp organized at MSIT aimed to create a supportive environment for students, faculty, and staff to learn more about mental health and the importance of mental well-being. The event was designed to raise awareness, reduce stigma surrounding mental health issues, and encourage individuals to seek professional support when needed. In a college setting, mental health often takes a backseat to academic pressures and social challenges. This initiative was launched to highlight the importance of mental health care and promote resources available for students.

Amidst a sea of sticky notes, we at Parkriti MSIT, NSS MSIT and UBA MSIT found the courage to speak up for mental health.

CLOTH DONATION DRIVE

19th October, 2023

The Cloth Donation Drive was organized by Prakriti MSIT, along with NSS MSIT and UBA MSIT, at (name of the place) on 19th October, 2023. Each and every individual participated enthusiastically during the drive. The drive started at 12:30 P.M. The drive served in promoting a sense of community and social responsibility, and raising awareness about the importance recycling clothing.

Donors generously contributed used clothing items, including clothing for all ages, in good condition. Collection was open for a specified period to gather donations.

Volunteers sorted and categorized the donated clothing into different sizes and types. An inventory was maintained to ensure efficient distribution. Clothing items were distributed while ensuring a fair and respectful process, from infants to aged people.

A reasonable number of individuals and families received clothing assistance, helping them address their immediate needs. The event witnessed numerous volunteers contributing their

time and effort to the cause. Awareness about the importance of clothing donation and recycling was raised within the community.

The Cloth Donation Drive was a successful community initiative that brought people together to support those in need. It not only provided clothing assistance to individuals and families but also promoted a sense of social responsibility and community spirit. The event's positive impact highlights the importance of continued efforts to help those less fortunate in our community.

FOOD DONATION DRIVE

16th October, 2023

On the 16th of October, 2023, UBA MSIT, NSS MSIT, and Prakriti MSIT joined hands to organize a Food Donation Drive, extending immediate food assistance to those in need within the college vicinity. This heartfelt initiative was taken to mark World Food Day, a global event that underscores the significance of addressing hunger and food security.

Members of our society came together to contribute to the food donation drive, generously providing a variety of essential food items. The donated items included biscuits, Frooti, packets of dal, rice, milk, and more. At 2:30 P.M., our dedicated team gathered in the Asalatpur village , ensuring that assistance reached those who needed it the most.

Our collective effort had a profound impact on the lives of numerous individuals in the vicinity of our college. With unwavering enthusiasm, the students brought forth an assortment of food items for this drive.

To further amplify our message and the spirit of giving, our creative team designed eye-catching banners and posters, emphasizing the value of food donation in our community

Ethnic Day

10th November 2023

The Ethnic Day event held at MSIT was a spectacular celebration held on the 10th November, starting at 10:00 AM and culminating around 4:00 PM. The entire campus was buzzing with an array of activities, stalls, and performances, creating an atmosphere brimming with enthusiasm and cultural richness.

As the event commenced, students and visitors were greeted by an assortment of stalls offering a delightful variety of experiences. The food stalls presented tantalizing dishes from diverse cuisines, tempting everyone's taste buds with flavors from across the country.

The jewellery stalls displayed exquisite ornaments, attracting fashion enthusiasts and those seeking unique accessories. Additionally, game stalls provided an avenue for friendly competitions, while food challenge stalls dared participants to venture into adventurous taste trials, igniting a sense of excitement among attendees.

The heart of the celebration was the captivating performances by the college's dramatic, dance, and music societies—Aarambh, Octave, Unity, and Sifar. These talented groups showcased the cultural diversity through their mesmerizing acts, leaving the audience spellbound.

The dramatics society skillfully portrayed different cultural narratives, while the dance society enraptured everyone with their synchronized moves, and the music societies filled the air with melodious tunes that resonated with the essence of various traditions.

The event reached a crescendo with the arrival of Karan Kaushik who graced the stage, mesmerizing the crowd with his soulful voice and engaging performances. The atmosphere became electric as the singer's melodies intertwined with the cheers and applause of the audience.

Subsequently, a lively DJ set the stage for an energetic dance session, where students reveled in the beats, showcasing their best dance moves and enjoying the collective celebration.

Throughout the day, the amalgamation of different cultural elements fostered an environment of unity and appreciation. As the event drew to a close around 4:00 PM, it left behind a trail of cherished memories, laughter, and a renewed sense of cultural appreciation among everyone present. The event was a hit which made everyone leave the campus with a wide smile on their faces.

HERBAL INCEPTION

GARDEN

Oct 2023

In the month of October, **The Eco Club MSIT- PRAKRITI** in association **with UBA and NSS MSIT** took a significant step towards environmental sustainability by establishing an Herbal Garden on Campus. This initiative accorded with Green Consumer Day, emphasizing our commitment to creating a greener and more sustainable future.

The primary purpose of this Garden is to promote the cultivation of medicinal plants and raise awareness about the importance of herbal remedies. We aim to provide a nurturing environment for the cultivation of various medicinal plants, promoting the sustainable use of these resources.

Under the supervision of the Director (MSIT) and with the support of the management of Maharaja Surajmal Institute of Technology, the creation of the Herbal Garden was made possible. Students understood their roles and took the responsibilities of specific plants. They demonstrated a strong commitment to environmental responsibility by utilizing metallic nameplates instead of disposable plastic nameplates. The creative team, an essential part of the project, helped in the creation of nameplates and craft-related work for the Garden.

Herbal Plants, we planted are:

DARWIN PEA

Peas are a good source of vitamins, including vitamin C and vitamin K, as well as minerals like manganese, folate, and dietary fiber. The fiber content in peas can aid in maintaining heart health by helping to lower cholesterol levels.

INSULIN

The insulin plant is a medicinal plant that is believed to have properties that can help lower blood sugar levels. Some people use the leaves of the Insulin Plant in traditional medicine for managing diabetes

PERIWINKLE

The plant contains alkaloids vincristine and vinblastine, which are used in the treatment of various cancers, particularly leukemia and lymphoma.

HIBISCUS

Hibiscus tea is thought to have antihypertensive properties and may help lower blood pressure. Hibiscus tea may have mild diuretic properties and can promote healthy digestion.

NEEM

Neem twigs are traditionally used for oral hygiene as they have antibacterial properties that may help prevent gum disease and maintain oral health.

LEMON GRASS

The aroma of lemongrass is used in aromatherapy to promote relaxation and reduce stress and anxiety. It is often used as an herbal remedy to support the immune system and may aid in fighting off common colds and infections.

CURRY LEAVES

Curry leaves are included in weight loss diets due to their potential to help reduce appetite and control weight gain. These leaves contain carotenoids that can support eye health and prevent conditions like cataracts and macular degeneration.

CAROM SEEDS

In traditional medicine, carom seeds are used to manage respiratory issues such as asthma, bronchitis, and coughs due to their potential to alleviate congestion and improve airflow.

LEMON

Lemons are well-known for their high vitamin C content, which supports the immune system, aids in collagen production for healthy skin, and has antioxidant properties.

BASIL

The aroma of basil essential oil is thought to have calming and stress-reducing effects. Basil is rich in antioxidants, which can help protect cells from oxidative damage.

INDIAN GINSENG

Some people use Indian Ginseng to improve the quality of their sleep and combat insomnia. Indian Ginseng is believed to improve memory and cognitive function.

NIGHT JASMINE

The calming aroma of night jasmine is thought to help with sleep. Some people place night jasmine flowers in their bedroom to improve sleep quality.

ALEOVERA

Aloe vera promotes the healing of minor wounds and cuts. Its antimicrobial properties can help prevent infections, and it may stimulate the production of collagen, which is essential for wound healing.

INTERNATIONAL STUTTERING AWARENESS DAY

22 October, 2023

Prakriti MSIT, NSS MSIT and UBA MSIT,organised a seminar on stuttering awareness held on 22nd October, 2023 in online mode, which brought together a diverse group of people eager to explore and engage in discourse regarding stuttering on the occasion of International Stuttering day. The event attracted a lively group of participants, and was hosted by professionals like Vikas Ranga, Vishal Gupta, Jitender Gupta and Afzal Khan part of The Indian Stammering Association (TISA).

The diversity in different speakers led to the attendees discovering various new nuances regarding the problem of stuttering while also understanding the possible reasons and causes that can make a person stutter.

The event also allowed the attendees to seize an opportunity to have a stage to speak and talk about their struggles regarding the problem of stuttering and stammering and also about how they braved their way out through the stigmas and misconceptions people have regarding those who stammer. And as participants also got to know about the experiences of our invited hosts, our team managed to keep together the group of participants enthusiastic and encouraged as they surfed through the webinar.

The event proved to be a fulfilling experience, combining the joy of spreading awareness regarding the issue of stuttering. As people took the stage and engaged in discourse, their shared passion for societal change and destigmatization of stuttering turned the webinar into a memorable and inspiring event. Prakriti MSIT, NSS MSIT along with UBA MSIT tried their best in uplifting those who struggle with stuttering amongst our society and gave them a platform to vocalise their problems.

ION Contribution Run

28th January, 2024

The ION Contribution Run Marathon held on 28th January 2024, was a resounding success, bringing together a diverse group of participants, sponsors, and volunteers with the shared goal of making a positive impact in the community. This report highlights key aspects of the event, including its objectives, participants, contributions, and overall impact.

The primary objective of the run Marathon was to promote a healthy and active lifestyle. Participants were encouraged and hydration drinks like water and electrolytes were made available for the runners.

The event attracted a significant number of participants from various age groups and backgrounds. Runners, walkers, and supporters gathered to not only challenge themselves physically but also to contribute to a meaningful cause. The diverse participation added to the vibrant atmosphere of the marathon.

A dedicated team of volunteers played a pivotal role in ensuring the smooth execution of the marathon. From event logistics to participant support, volunteers worked tirelessly to create a positive and organized experience for everyone involved. They were also awarded with badge, medals, tag and bags to encourage them.

The Contribution Run Marathon fostered a sense of community and solidarity. Participants were also treated with refreshments like chhole kulche, oats, halwa after the race finished.

The ION Contribution Run Marathon successfully achieved its objectives of promoting a healthy lifestyle. The event's impact extends beyond the finish line, leaving a lasting impression on both participants and the community at large. As we reflect on the success of this marathon, Prakriti MSIT, NSS MSIT and UBA MSIT look forward to future events that continue to unite people in making a difference.

ENVA

January 31 & February 1, 2024

Prakriti MSIT, the environmental and humanitarian society of Maharaja Surajmal Institute of Technology (MSIT), organized a spectacular college fest named "Enva." This two-day extravaganza, held on January 31st and February 1st, showcased a diverse array of events aimed at fostering creativity, talent, and enthusiasm among the students, which took off at 10 A.M. Students from over 30 colleges of Delhi NCR participated in ENVA'24.

The fest started with a thrilling **Treasure Hunt** that occurred at 10 am which set the tone for the entire event. Students were provided with clues and, fuelled by curiosity, embarked on an exciting quest to uncover hidden treasures, showcasing their problem-solving skills and teamwork. Then, later on, Treasure Hunt was wrapped up at 3 P.M.

Shutter Fiesta, a photography competition that was carried out throughout the day focused on the beauty of nature and captivated participants and spectators alike. The stunning visuals captured by talented photographers served as a poignant reminder of the importance of preserving our natural heritage. From 2 P.M onwards,

Vibe Check provided a platform for students to exhibit their talents in a variety of domains exactly like a Talent Show. From singing and dancing to comedy and poetry, participants dazzled the audience with their performances, creating an atmosphere charged with energy and enthusiasm.

Adhyay, a stage play competition that kicked off at 9 A.M, showcased the dramatic progress of teams from renowned institutions such as Delhi University (DU) and Indraprastha University (IPU). Through their diverse narratives and stellar performances, participants transported the audience to worlds of imagination and emotion till 4 P.M.

The highlight of the fest was undoubtedly **DJ Groove**, a high-octane music experience that electrified the crowd with pulsating beats and infectious rhythms. The DJ's extraordinary performance on both January 31st and February 1st from 5 P.M onwards left the audience spellbound, with attendees dancing the evening away and creating memories to last a lifetime.

As the festivities drew to a close, **Star Night** offered a celestial concert experience that left the audience mesmerized. Under the sparkling night sky from 7 P.M, attendees were treated to performances transcending earthly boundaries, evoking a sense of wonder and awe.

In conclusion, "Enva" proved to be a resounding success, thanks to the meticulous planning and execution by Prakriti MSIT. The event not only provided an amazing fest for students to showcase their talents but also made sure to elevate the whole day of the crowd. Kudos to Prakriti MSIT for organizing a truly unforgettable college fest that will be remembered fondly by all who attended.

SELF DEFENCE WORKSHOP

6th March, 2024

PRAKRITI MSIT

NSS MSIT

Prakriti MSIT, along with NSS MSIT and UBA MSIT organised a workshop on self-defence, especially for women on 6th March, 2024. Keeping in mind the concern of female safety, and the soon to be coming occasion of International Women's Day on 8th March, Prakriti MSIT grabbed the wonderful opportunity to educate women on how to protect themselves in any situations that might be threatening to their lives. The workshop started at 11 A.M. in the MSIT ground where all the students gathered before the time to ensure a smooth running of the event.

Self-defence instructor, Mr. Puneet Sharma from Lion's Institute of Martial Arts graced the event with his presence. He started off with some basic warm-up exercises, so that students can get ready for what's coming next. The students were guided by Mr. Puneet at many points during the whole workshop on how to do a certain exercise or stunt right.

The instructor also had a panel of young girls with him as well so as to motivate the girls of our college. They were really energetic and were following every command of their teacher. After the warm-up, he asked students to do some basic hits like punching and kicking. He really showed them how you can block yourself and punch the other person simultaneously.

Next he taught the students to kick on a cushion bag and asked the students to do their highest powerful kick on the bag. Following that, he taught the students to knock off planks into two pieces, by their bare hands. Students felt really confident and uplifted after realising their true strengths. Puneet Sir also addressed the students to become more aware of the bad people around them and told the students that violence is never the answer, but if you find yourself in a situation, you shouldn't back off as well.

Concluding the session, our teacher coordinators handed a beautiful memento to the instructor, which was a perfect end to this wonderful workshop. At last, sir finally bid adieu to the students present there, and praised them for being patient this whole time. Our teacher coordinators also thanked him for blessing us with his presence. The workshop ended at 12 P.M. with smooth success.

Diatriba: Gender Equality Declamation Competition

28th April 2024

NSS MSIT, Prakriti MSIT, and UBA cell in collaboration with Cerebrate, The Debating Society of MSIT organized Diatriba their annual gender equality Declamation Competition.

This event took place in MSIT building room number 406 at 11:00 a.m., where the anchor Keshav, started with warm welcoming for the judge of the competition, Dr. Jindagi Kumari.

This event provided a platform for participants to express their views on gender equality through powerful speeches and engaging debates and was judged by the college faculty. These speeches addressed various aspects, including workspace equality, societal norms, and the need for change.

The event remained heavily competitive with participants given agency to express their opinions for or against the motion “This house believes that given limited resources, feminist campaigns should prioritize directly targeting men rather than empowering women”.

And after all the speeches were done, Jindagi Ma'am gave her feedback to all the speakers before announcing the winner to be **Arya Arunav Dash**, 3rd year of ECE evening with **Shivani Mishra, Deeksha Singh, and Nidhi Bhalla** getting special mentions for their performances.

Diatriba was a phenomenal event as there were varieties of viewpoints among students. Students from different backgrounds, genders, and cultures shared their unique feminist perspectives. This event reminded us that collective efforts can dismantle barriers and pave the way for a more equal world.

LIST OF PARTICIPANTS :

NAME	BRANCH

UBA Event Report

INDEX

S.No	Event	Date	Page No
1	Gram Sabha	26 Jan, 2024	71-72
2	Self Defence Workshop	6 Mar, 2024	73-74
3	Plantation Drive	22 April, 2024	75-81
4	Cleanliness Drive	22 April, 2024	82-88
5	School Visit and Awareness Program	24 April, 2024	89-91
6	Sanitary Distribution	29 April, 2024	92-95

Gram Sabha (26 January 2024)

The students of UBA MSIT, Prakriti MSIT and NSS MSIT planned a gram sabha in the tihar village on 26th January 2024. In the Gram Sabha the members of UBA MSIT made sure of the active participation of the villagers wherein we asked the rural people about their voting rights and how much awareness they have about their right to vote.

The interactive Gram Sabha made us aware about their stance on the procedure of voting and how to exercise their right to vote.

In the Gram Sabha we made them realize how important it is for them to exercise their vote and how much value a single vote holds. We also told them to exercise their vote in the upcoming Lok Sabha elections in april/May 2024.

List of Volunteers

1. Aaryaman B.tech CSE
2. Aum B.tech ECE
3. Vijayant B.Tech EEE

Self Defense Workshop

The women's self defense workshop was organized by NSS MSIT, UBA MSIT along with Prakriti MSIT on 6th March, 2024. Mr. Puneet Sharma was the man of the hour as he was the special instructor in training self defense to women. This workshop was conducted so that women learn to be their own first line of defense.

In the self- defense workshop, all the students participated actively and all the members of NSS MSIT, UBA MSIT & Prakriti MSIT ensured that there is active participation of all the participating students and get the benefit of the insightful self-defense workshop given by Mr. Puneet Sharma.

List of Volunteers.

1. Aum Vashisht B.tech ECE-1 3rd year
2. Ayush Raj B.tech CSE 2nd year
3. Sourabh Pal B.tech ECE-E 3rd year
4. Aayush Singh B.Tech CSE-2 3rd year
5. Mohit Singh B.Tech IT 3rd year

PLANTATION DRIVE

22 April 2024

The Plantation Drive organized by the UBA (Unnat Bharat Abhiyan), Prakriti and NSS MSIT (Maharaja Surajmal Institute of Technology) Society was held successfully on 22 April 2024 at DDA park Nangli Jalib Village. The initiative aimed to contribute to environmental sustainability and raise awareness about the importance of tree plantation among students and the local community.

The primary objective of the plantation drive was to promote environmental conservation and sustainable development. By planting trees in the park, the initiative sought to mitigate the effects of climate change, enhance biodiversity, and create a greener and healthier environment for all.

The event commenced with an inaugural ceremony, where representatives from the UBA MSIT Society, college faculty, local authorities, and participating students gathered to mark the beginning of the plantation drive. Speeches were delivered highlighting the significance of tree plantation in combating climate change and preserving ecological balance.

Following the inaugural session, volunteers from the UBA MSIT Society and college students actively participated in planting saplings of various indigenous tree species in designated areas of the park. The planting process was carried out systematically under the guidance of experienced horticulturists and environmental experts to ensure proper care and maintenance of the saplings.

The plantation drive attracted participation from diverse segments of the community, including students, faculty members, local residents, and park authorities. The collective effort demonstrated the community's commitment to environmental stewardship and fostered a sense of responsibility towards preserving natural resources for future generations.

The Plantation Drive organized by the UBA MSIT Society served as a commendable effort towards promoting environmental sustainability and community engagement. The successful execution of the event underscored the collective responsibility of individuals and organizations in addressing environmental challenges and building a greener future.

CLEANLINESS DRIVE

22 April 2024

The Cleanliness Drive organized by the UBA (Unnat Bharat Abhiyan) MSIT (Maharaja Surajmal Institute of Technology) Society was conducted successfully on 22 April 2024 at DDA Nangli Jalib Village Park. The initiative aimed to promote cleanliness, hygiene, and community participation in maintaining public spaces for the benefit of

The primary objective of the cleanliness drive was to instill a sense of civic responsibility and encourage active participation in keeping public areas clean and free from litter. By organizing the drive in the park, the initiative sought to create a clean and healthy environment conducive to recreational activities and community gatherings.

The cleanliness drive commenced with an inaugural ceremony, where members of the UBA MSIT Society, college faculty, local authorities, and volunteers gathered to inaugurate the event. The significance of cleanliness and its impact on public health and well-being were emphasized through speeches and presentations.

Following the inaugural session, volunteers from the UBA MSIT Society, college students, and community members actively participated in cleaning various areas of the park. Equipped with gloves, trash bags, and cleaning supplies, the volunteers diligently collected litter, swept pathways, and cleared debris to restore the park's cleanliness and aesthetics.

The cleanliness drive garnered participation from diverse segments of the community, including students, residents, local businesses, and park visitors. The collective effort showcased the community's commitment to preserving public spaces and fostering a culture of cleanliness and hygiene.

The Cleanliness Drive organized by the UBA MSIT Society exemplified the spirit of community service and civic engagement. The successful execution of the drive underscored the collective responsibility of individuals and organizations in preserving public spaces and promoting a cleaner and healthier environment for all.

SCHOOL VISIT & AWARENESS PROGRAM

April 25, 2024

The students of UBA MSIT planned an awareness program in village Nangal Raya on April 25, 2024, so that school students can be made aware of the ill-effects of the mobile phone and realize the importance of their physical health. The students of UBA MSIT went to MC Primary School, Nangal Raya, Janakpuri, and prepared a skit on the same so that the school students may grasp the importance of the issue and can be made aware of the same.

The children thoroughly enjoyed the skit and by the end of it they were themselves excited to indulge in outdoor sports and were also provoking their fellow classmates to not use mobile phones and other devices unnecessarily.

The event was successfully conducted with the guidance and permission of Mrs. Shashi Kala. She is the principal of the MC Primary School, Nangal Raya. Students of UBA MSIT felicitated Shashi Ma'am with a certificate and a planter as a token of appreciation.

6. Aayushman Jha B.Tech CSE
7. Sudhanshu Chaurasia B.Tech ECE
8. Sambhav B.Tech CSE
9. Jayendra Vyas B.Tech CSE 4th sem

SANITARY DISTRIBUTION

29 April 2024

On 29 April 2024 UBA MSIT organized a sanitary distribution drive along with Grateful Child Welfare Foundation (GCWF) in Tihar Village as a part of our ongoing community development initiatives. The objective of this drive was to address the crucial need for hygienic products and promote awareness about sanitation practices among the residents of Tihar Village.

The event began with a brief introduction by the project coordinators, outlining the significance of maintaining proper sanitation and hygiene practices for individual health and community well-being. This was followed by an interactive session where volunteers engaged with the residents, discussing various aspects of menstrual hygiene, proper handwashing techniques, and the importance of clean surroundings.

After the informative session, the distribution of sanitary products commenced. Each resident, particularly women and adolescent girls, were provided with a supply of sanitary pads, along with soap bars and hygiene kits. Volunteers ensured that adequate quantities were distributed to cater to the needs of each household.

The sanitary distribution drive received an overwhelming response from the residents of Tihar Village. The beneficiaries expressed their gratitude towards UBA MSIT for addressing a pressing need within their community.

Feedback from the community members indicated a heightened awareness about proper sanitation practices and a willingness to adopt healthier habits. Several residents expressed their

eagerness for similar initiatives in the future and suggested extending the scope of such drives to include other essential hygiene products.

The sanitary distribution drive organized by UBA MSIT in Tihar Village proved to be a significant step towards promoting hygiene and sanitation awareness within the community. By providing essential sanitary products and imparting knowledge about proper hygiene practices, the initiative aimed to contribute towards the overall well-being and development of the residents.
