

Innovation Cell, MSIT celebrating National Pollution Day on 2nd December, 2021 through Posters

"Nature provides a free lunch, but only if we control our appetites." -William Ruckelshaus 

December 2 is observed as National Pollution Control Day every year in the memory of those who have lost their lives in the Bhopal Gas tragedy on December 2nd, 1984. The aim behind celebrating this day is to raise awareness about the problem caused by increasing pollution because everyone on the earth is entitled to clean air to breathe, water to drink, and to enjoy public lands. 

IIC MSIT urges you to spread awareness to prevent pollution and help in creating a better future. 

The infographic poster is set against a green background with decorative elements like clouds, trees, and leaves. At the top left is the logo for 'INSTITUTION'S INNOVATION COUNCIL (Ministry of Education Initiative)'. At the top center is the MSIT logo with the motto 'प्रज्ञायाः शक्तिः' (Power of Knowledge). At the top right is the 'IIC MSIT' logo featuring a lightbulb. The central text reads 'Important Laws that help control pollution' with a yellow line pointing to a central green box containing a wind turbine and trees over a globe, labeled 'National Pollution Control Day'. Below this, a list of laws is presented between two vertical yellow lines with diamond-shaped ends:

- E-Waste (Management) Rules, 2016
- National Green Tribunal Act, 2010
- National Environment Tribunal Act, 1995
- Environment Protection Act, 1986
- Public Waste Management Rules, 2016

National Pollution Control day
2nd December

1 Air pollution

2 Water pollution

3 Soil pollution

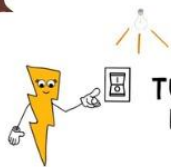

4 Noise pollution

“NATURE PROVIDES A FREE LUNCH, BUT
ONLY IF WE CONTROL OUR APPETITES.”

— WILLIAM RUCKELSHAUS

National Pollution Control day

**TURN OFF
LIGHTS**

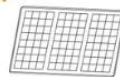

**MAKE SURE
AIR CONDITIONERS
AREN'T SET
TOO COLD**

UNPLUG ELECTRONICS

**USE SOLAR OR
WIND POWER**

National Pollution Control Day
focuses on preventing pollution
and raising awareness about the
ways we keep exploiting mother
nature.

This day is observed on 2nd December every year in remembrance of the people who passed away in the Bhopal Gas Tragedy, 1984.
