**Report on Seminar by Sh. Satish Kumar Assistant Director, Ministry MSME, GOI (IPR Cell)**

The Intellectual Property Rights (IPR) Cell in association with ECE department successfully organized a seminar on March 3, 2025, titled "**Fundamentals of Intellectual Property: Patents, Trademarks, and Copyrights.**" The session was delivered by **Mr. Satish Kumar, Assistant Director, Ministry of MSME, Government of India**, who provided in-depth insights into the intricacies of intellectual property law. The talk covered essential aspects such as patents, trademarks, copyrights, and the legal framework surrounding IP protection. A significant highlight of the session was the discussion on funding opportunities and various government schemes available for MSMEs and innovators to safeguard their intellectual assets. By understanding these legal and financial provisions, students and faculty members can take proactive steps in securing their creative and technological innovations. The expert guidance helped the audience grasp the importance of IP rights, enabling them to leverage government initiatives to transform their ideas into protected assets with commercial potential.
