

Dissemination of Vision, Mission, CO, PO, PEO and PSO among students: (July-Dec' 2023: odd semester)

Introduction:

The dissemination of the department vision, mission, Course Outcomes (CO), Program Outcomes (PO), Program Educational Objectives (PEO) and Program Specific Outcomes (PSO) is a crucial aspect of the education process, ensuring that students clearly understand the expected learning objectives. One of the most effective methods for this dissemination is through PowerPoint presentations (PPTs). This report outlines the process, benefits, and impact of using PPTs for communicating CO, PO, and PSO to students.

2. Objectives

- To familiarize students with the mission, vision of the department along with the CO, PO, PEO and PSO relevant to their course and program.
- To provide a structured and visually engaging method for dissemination.
- To ensure clarity and transparency in learning objectives and outcomes.

3. Methodology

The dissemination process using PPTs involves the following steps:

- **Preparation of PPTs:** Faculty members prepare structured presentations that clearly outline the department vision, mission, CO, PO, PEO and PSO.
- **Incorporation of Visual Aids:** The use of diagrams, charts, and infographics to enhance comprehension.
- **Scheduled Sessions:** Conducting dedicated sessions at the beginning of each semester to explain CO, PO, and PSO.
- **Feedback Mechanism:** Collecting feedback from students and stakeholders to assess understanding and improve future presentations.

4. Conclusion:

The use of PowerPoint presentations for disseminating CO, PO, and PSO has proven to be an effective strategy leading to a more informed and goal-oriented student community.

Dissemination of department vision, mission, CO, PO's among students (June-Dec'2023 : odd semester)
