#### Inaugural Session:

The FDP commenced with a registration and introductory session led by Er. Rama Chhabra on Monday, May 26, 2025, highlighting the scope, objectives, and importance of using social media in teaching-learning processes.

**Sessions and Topics Covered:**

The FDP featured comprehensive sessions delivered by experts on the following themes

- Integration of Blogs and Twitter in Teaching Learning – Suditi Jindal
- Gamification and Interactive Learning using Social Media – Dr. Jagriti Saini
- Graphics and Image Editing – Shano Solanki (2 sessions)
- Role and Importance of Social Media in Education – Rama Chhabra
- Diversified AI Chatbots for Teaching and Learning – Dr. Gaurav Kumar
- Tools and AI Prompts for Graphics and Academic Content – Dr. Gaurav Kumar
- LinkedIn for Greater Visibility, Credibility and Networking – Hitesh Gulati
- E-resources and Portals for Research and Intellectual Property – Dr. Gaurav Kumar
- Crafting Effective CV for Job Portals and Rankings – Dr. Gaurav Kumar
- Challenges in Incorporating Social Media and Strategic Solutions – Rama Chhabra
- Promoting Digital Literacy and Ethical Use of Social Media – Dr. Jagriti Saini

**Final Day:**

The final day included participant presentations, feedback collection, and a valedictory session conducted by Er. Rama Chhabra.

**Feedback:**

The sessions were appreciated for being insightful and engaging. Faculty members found the content relevant and applicable to modern teaching practices. The interactive nature of the sessions encouraged participation and enhanced understanding.

**Overall:**

The FDP effectively emphasized the role of social media in enhancing teaching-learning strategies and was well-received by all attendees.
