

SPARK SOCIETY

SPARK – Student Platform for Advancement, Research & Knowledge

Welcome to **SPARK**, the student think tank **research and innovation hub** at **Maharaja Surajmal Institute of Technology**, dedicated to promoting student led research, interdisciplinary collaboration, and funding opportunities.

SPARK is created with the vision to build a strong research-oriented ecosystem at MSIT. It provides a structured platform for students to initiate research projects, connect with mentors and domain experts, and gain exposure to real world academic and professional research practices.

Key objectives of the Society encompass a wide range of activities:

- Support and encourage students in initiating and participating in research projects across diverse disciplines.
- Facilitate collaboration between students, faculty members, and external experts.
- Assist students in identifying and applying for research grants, scholarships, and funding at institutional, national, and international levels.
- Organize workshops, seminars, and training sessions on research writing, methodologies, and publication ethics.

Convener: Dr. Deepshika Yadav

Faculty Advisor: Prof. Koyel Datta Gupta, Dr. Kavita Sheoran

Student Coordinators: Bunendra, Biswamohan Singh
