Department of Electrical and Electronics Engineering

Report

The Department of Electrical and Electronics Engineering (EEE), Maharaja Surajmal Institute of Technology, organised a seminar in collaboration with Tata Power Delhi Distribution Limited (Tata Power-DDL) on 2 November 2026. The programme aimed to strengthen industry-academia interaction and familiarise students with how electricity distribution systems work, emerging technologies, and career opportunities in the power sector.

The programme featured three distinguished experts from Tata Power-DDL. Ms. Apoorva Seth, Assistant Manager (ME02), Business Development & Collaborations, Tata Power-DDL Learning Centre, Centre for Power Efficiency in Distribution (CENPEID), delivered an introductory session on the company profile, its operations and initiatives. She also briefed students on career opportunities, professional roles, and prospects for young Electrical engineers in the power industry.

Mr. Vivek Kumar, Additional General Manager and Zonal Manager, Bhalaswa, delivered a session on Overview of Distribution Network, explaining the structure, functioning and operational challenges of electricity distribution systems. Mr. Pawanbir Gupta, Senior Manager and Head of Group, Meter Management Group (Single Phase), Rohini, delivered a session on Overview of Smart Metering, highlighting smart meter technology, its applications, remote monitoring and its role in improving billing efficiency and consumer services.

The programme was graced by Dr. Sunil Gupta, Head of the Department, EEE, and Dr. Meena Tushir, Professor and Dean Academics, along with EEE faculty members and students.

The sessions provided students with valuable insights into real-world power distribution practices, smart metering technologies, industry expectations, and emerging career avenues. The interaction helped bridge the gap between classroom learning and industrial applications, encouraging students to develop industry-relevant technical skills.

The Department of EEE expressed its sincere gratitude to the management of MSIT and the experts from Tata Power-DDL for their valuable contribution and support. The programme concluded with a vote of thanks by Dr. Sunil Gupta, Head of the Department.
